

**Since 1984, BSC has had a proven record of manufacturing custom cable assemblies to meet and exceed your expectations. There is no assembly job too big or small when it comes to our harness capabilities. Whether it is a one conductor cord or a multi-faceted harness assembly, our engineers will decipher your specs and we will produce a quality product at a cost effective price. Please contact our sales department today to find out how BSC can better serve your harness assembly needs.**
